## Arts Council `Take It Away` Scheme

We are **not** a participating member of the above scheme, as it is cumbersome in operation, and really offers little or nothing to assist in the purchase of your instrument. There are many conditions attached, and to get the 0% interest you have to agree to pay back the full amount in 9 monthly instalments. You also need to be over 18 years old to apply, as this scheme is primarily aimed at the older player. Younger players can usually apply to their L.E.A. to use the Assisted Instrument Purchase Scheme (see separate Information sheet) and take advantage of School discounts and purchase the instrument V.A.T. exempt!

As many Credit Cards offer 0% promotional discounts over a longer period, this really is not a particularly imaginative cost saving scheme. Even if you have to pay interest, our pricing structure is such that it would still cost you less if you had to pay card interest, payment of which can be spread over whatever period you wish. With current interest rates being so low, it really has made this scheme largely redundant.

If you were thinking that you may have been interested in the `Take it Away` Scheme, please telephone us first, as our more competitive prices should show that any savings that could be made on this scheme will most likely be considerably less than by purchasing with us, and not operating this particular system.

### JPB Music

This is one of a series of Instruction sheets prepared by JPB Music to help players gain a better understanding. We write these to assist, but if you are still unsure, please either phone for more advice, or ask your teacher for help.
