NEW HIDERSINE VERACINI VIOLIN OUTFIT

Hidersine have done it again, and produced yet another fantastic violin outfit. This superb antiqued instrument is targeted at players progressing well, and looking to get beyond the student level instruments. It is superbly presented in a rectangular case with padded ruckstraps, blanket & hygrometer. We are supplying it with an upgraded P. Hoyer, nickel mounted octagonal Pernambuco, ebony frog bow, with Parisienne eye.

The Instrument is strung with Thomastik Vision strings, and has ebony fittings. The Antiquing is very tasteful, and really looks superb. The beautifully flamed back is available as either a 2 piece or single piece. It is only available as a full size violin outfit.

We are marketing this instrument outfit, fully setup by John Sydenham, at only **£495**, well below what others are charging, as we want to get it being played and enjoyed!

This fine instrument sits in the middle of the Hidersine range of violins, all of which we stock in depth.

Student Outfit; The Giovanni Violin Outfit is still available in ½, & 4/4 Sizes still only **£95**. This outfit has been discontinued as Hidersine wish to concentrate on the better quality instruments. There are no further stocks available of this superb outfit, so when they are gone there will be no more, contrary to what one violin shop is stating! Currently 20 outfits in stock of each size.

Advanced Student Outfit: The Piacenza Violin, available only 4/4 Size still only **£205 (until stocks run out, when regrettably it will increase in price to £230)**
