Joan and Paul have many years of experience in the Violin world having managed the Shop & Mail Order department of the world's largest supplier who closed in 2004. Barry completes the trio, by adding years of retail experience.

Our sole aim is to provide players of Violins, Violas, Cellos and Bases with strings, cases, accessories and fittings, and for newer players, also instruments and bows of exceptional quality, all at reasonable prices. **Note, we are a supplier of the requirements of only the Violin Family of Instruments, and will never diversify into other instruments.**

After a successful first year our stock list is becoming all encompassing, especially with our recent expansion into **Electric Instruments, Pickups and Amplifiers.** We have the stock levels necessary to enable us to normally offer an **UNBEATABLE NEXT DAY** Delivery Mail Order service. Space limitations prevent us listing everything stocked, so if there is something you want, please enquire.

We have a good selection of instruments and bows, and we encourage players to visit our trying out room to make their choice. Four bows can be sent out on a 2 weeks approval. Alternatively, we can also source through our associate companies, a large range of quality instruments and bows, so please contact us.

For those happy to browse the Internet, our web-site is deliberately designed to be functional, quick to load and navigate, even with a telephone line connection, thus minimising the time you have to be on the internet. The web-site will be updated regularly. We hope shortly to be able to offer a 'shopping basket' to enable on-line ordering. To enable immediate access, please add our web-site to your list of favourites. May we suggest that you order, where practicable, by telephone, as through personal contact we can ensure accurate processing of your order.

The site is also available as a 'PDF' file, so that you are able to print a catalogue.

Mark the website as one of your favourites, then it will be immediately available to you when you log on.

We do not charge a premium for single strings because we know that strings do not break in sets, and also we have **NO** minimum order value.

Our experience enables us to produce a unique range of informative guidance leaflets to assist you in fitting your various purchases. Please check for availability, but remember, they are not a substitute for a luthier, but an aid.

Prices shown are in £ sterling & **INCLUDE V.A.T.**, but not postage or carriage (as appropriate), which is charged at cost.

Prices are correct as of July 2007. **We aim never to be knowingly undersold**, but if you can find the same item cheaper and in stock elsewhere, tell us where, and we will try to match it. We will however not get involved in down pricing our professionally setup instruments against un-setup instruments from the Internet or High Street retailers who treat the selling of instruments like selling a bag of potatoes! Regrettably prices may be subject to fluctuation, from sources beyond our control.

issues. Accounts are available at our discretion, however any goods despatched on an invoice, remain our property, until paid in full, and within 30 days please.

For your Insurance needs, we are a Retail Trading Partner of Allianz Musical Instrument Insurance (British Reserve). Please enquire for information.

Should you unfortunately find any errors in this online catalogue, please let us know, so that we can ensure that they are corrected, and be assured that mistakes are not deliberate, just human.
