

## BOWS

### **Starter Bows - Brazilwood with ebony frog and horsehair.**

Violin, all sizes from **£19.00**      Viola  $\frac{3}{4}$  &  $\frac{4}{4}$  from **£23.00**      Cello, all sizes from **£31.00**      Bass, from **£42.00**

### **Quality Bows & Master Bows**

A huge range of bows (well over 1000) are in stock, from starter bows, see above, to excellent, quality bows, including reasonably priced Carbon Fibre bows, and Coda & Arcus Quality Carbon Fibre Bows. You can be sure that as always at JPB, our prices and quality will be unbeatable. However as stocks are continuously changing, there is no advantage to you, to provide a list in this catalogue, as it would only reflect stock on the day the list was prepared and take up many pages. Therefore please enquire for a current listing when required. Whilst it may take us more time, at least you can be better assured of accuracy. We would, of course, be pleased to welcome you, to try bows in our comfortable 'Trying Out Rooms' (Appointments are always recommended). Alternatively, we are happy to send up to 4 bows on approval, in your selected price range, in a bow box, These are sent by Royal Mail Special Delivery for a 10 day approval period, and must be returned by the same method. We pay the outgoing postage, you pay the return. We do not charge for this service. When considering a bow purchase, the general rule of thumb is to aim to buy a Bow  $\frac{1}{4}$  to  $\frac{1}{3}$  of the value of the instrument. We do not sell bows on commission, and none of our bows will have been on sale elsewhere. All of our conventional wood bows are either made of Brazilwood or Pernambuco, and will have ebony frogs (unless otherwise specified). We have found that anything less does not provide a satisfactory response or lifespan, and therefore does not meet our quality standards. All bows are checked for straightness and flaws prior to entering into stock.

We have a simple part exchange policy; where a bow purchased from us is being part exchanged for a better bow, we will refund the cost of the bow (less VAT), less the cost of returning the bow to showroom condition. Simple but fair!

### **Bow Accessories**

The Dalco Handcushions and Thumbcushions which have been very popular, are regrettably no longer available however we have sourced a Bow comfort tube (rubber) for VIOLIN/VIOLA priced at **only 80p**. We are actively reviewing this situation to see if we can source an better alternative.

Hank of Bow Hair, best white

Vln/Vla **£9.50**

Bass/Cello

**£12.95**

**Telephone 01934 628600**
